

TAX REFORM FOR AMERICANS ABROAD

Congressional Outreach - Grassroots Campaign Guide March 2019

UPDATE ON DEMOCRATS ABROAD TAX REFORM FOR AMERICANS ABROAD

On the last sitting day of the 115th Congress Democrats Abroad joined other Americans abroad advocacy groups in marking a milestone in our expat tax advocacy work - the introduction of [H.R. 7358, the Tax Fairness for Americans Abroad Act](#).

The Tax Fairness for Americans Abroad Act is not perfect, but it will serve as an excellent framework for building a Residency Based Taxation bill that provides critical relief for Americans abroad while also protecting the law from abuse by tax cheats and other bad actors.

Democrats Abroad will be on Capitol Hill next week presenting the findings of our 2019 research on the tax filing experience of Americans abroad and making the case for these reforms critical to the Americans abroad community:

- ❑ Residency Based Taxation – which may or many not look like the Tax Fairness for Americans Abroad Act;
- ❑ relief from the “transition taxes” in the 2017 tax law to prevent the destruction of many thousand of companies owned by Americans living abroad;
- ❑ the “Overseas Financial Access Act” – to eliminate the foreign financial accounts of Americans living abroad from reporting under FATCA;
- ❑ the “Social Security Fairness Act” - to repeal the Windfall Elimination Provision that prevents Americans abroad with pensions in their countries of residence from claiming the full amount of Social Security payments owed to them;
- ❑ a remedy for “Accidental Americans” who want only to shed unwanted U.S. citizenship without lengthy procedures and undo penalties.

You can support our work by calling your elected representatives this week and asking for their support. ALL YOU NEED IS IN THIS CAMPAIGN GUIDE.

WE NEED YOU TO HELP US FIGHT

1.) CALL YOUR SENATORS AND CALL YOUR MEMBER IN THE HOUSE OF REPRESENTATIVES

Important progress was achieved with the introduction of the Tax Fairness for Americans Abroad Act. We need to sustain the momentum and keep pushing the proposal forward. **Outreach to Congress by Americans abroad is important right now!**

Advice for *finding your members of Congress* and scripts for making the calls are in this Guide.

2.) You can also use the web messaging system on the website of your elected representatives to deliver your concerns, but it won't be as effective as a phone call. At a time like this **NOTHING IS AS EFFECTIVE AS A PHONE CALL.** (Except a many, many thousands of phone calls!)

You can use the language for writing a letter or postcard included in this Guide to draft your online or email message.

3.) Write a letter or send a postcard.

Your written correspondence will help to reinforce the calls. Please write!

The language for writing letters or postcards is in this Guide.

4.) If you can message us to let us know what action you took then that would be great.

Here's a Google Form to make it super easy for you to respond and for us to use your outreach in this campaign in our next campaign (ie "Committee Chairman X, we know that YY,000 calls and messages about the way the U.S. Tax system hurts Americans abroad were sent to Congress. Please help us fix this.")

FIGHT FOR TAX REFORM – Add your voice to the fight

Call Your Member of the House of Representatives and tell them:

My name is _____ and I vote in your district. I live in [name of country] and like other Americans living abroad I am required to file taxes both in the US and in [name of country].

There are 6.5 million Americans like me, living outside the United States, struggling with the U.S. tax code because it discriminates against us in so many ways. Our problems with the U.S. tax system exist because Americans abroad were – and continue to be - forgotten during the tax writing process. As an example, the “transition taxes” in the 2017 Tax Act are forcing many American business owners abroad to close their companies. Repatriation Tax and GILTI are destroying many businesses and the savings of those who own them.

It would take Congress years to address ALL of the tax code provisions that harm Americans abroad. That is why Americans abroad want the U.S. to switch from our current system of citizenship-based taxation to residency-based taxation. If the US had a system of residency-based taxation, like nearly every other nation, then I’d still be required to report my US-based income to the IRS, but not the income I make in and pay tax on to [name of country].

At the end of the last Congress Rep George Holding introduced the Tax Fairness for Americans Abroad Act, legislation that would enact Residency Based Taxation. I urge Rep [name of Representative] to work with Congressman Holding’s office on the development of a bill for the 116th Congress to enact Residency Based Taxation.

I am also asking for [his/her] support for the Overseas Americans Financial Access Act, which would exempt Americans living abroad from disclosures on the financial accounts in their countries of residence – accounts they need to pay bills and save for the future. I encourage Rep [name of Representative] to contact Rep Carolyn Maloney to co-sponsor this important legislation.

Can I send you a briefing note which summarizes the concerns and demands of Americans abroad?

[Write down the name, title, email address of the person you’ll send the list. The link to the list is on page 10].

Thank you very much for your time, your service to Representative [name of Representative] and for your help.

My personal story is as follows... .

I value my US citizenship. I vote every year I can. I pay attention to U.S. politics as much if not more than the average citizen. But I don’t believe it’s fair that I am taxed in [country of residence] as well as in the US on income I make abroad.

Dear Representative _____

I vote in your district and I live in [name of country]. There are 6.5 million tax liable Americans like me living outside the United States and the problems with the U.S tax system that uniquely harm us were completely disregarded in the 2017 Tax Cuts and Jobs Act. We are very unhappy.

If the US had a system of residency-based taxation, like nearly every other nation, then I'd still be required to report my US-based income to the IRS, but not the income I make in and pay tax on to [name of country]. I also ask for your support for the Overseas Americans Financial Access Act to exempt our financial accounts in our country of residence from FATCA reporting.

We use these accounts to pay our bills and save for the future – not to commit financial crimes.

THE DEMOCRATS ABROAD TAX ADVOCACY STATEMENT

Democrats Abroad reaffirms its commitment to tax policy that –

- ❑ helps reduce inequality and boost opportunity,
- ❑ makes the tax code fairer for all Americans,
- ❑ protects programs essential to national, community or individual well-being, and
- ❑ raises revenue from those with the greatest ability to pay.

Democrats Abroad supports tax reforms that –

- ❑ clarify and simplify filing,
- ❑ do not add significantly to the federal deficit,
- ❑ do not create loopholes to be exploited for tax avoidance.

Democrats Abroad has published a “laundry list” of tax code provisions that discriminate against Americans abroad. The list is here: smarturl.it/HowToFix23

We fear Congress is too divided to find remedies for each of the many and myriad tax problems we have identified. But we are determined to keep demanding it of them!

We are committed to Residency-Based Taxation as a remedy, requiring little effort by Congress, that addresses the vast majority of the tax problems faced by Americans abroad. Further, we will continue to promote the elimination of FATCA filing for the accounts of Americans abroad, the repeal of the Windfall Elimination Provision, relief for Americans abroad from the transition taxes in the Tax Cuts and Jobs Act and a citizenship remedy for Accidental Americans.
