Keeping postal mailed ballots safe is a key responsibility of the Remote Ballot Warden. Thank you for your efforts!

Important reminders:

- Collect ballot envelopes regularly from your post box
- Stamp or write on envelope its arrival date
- Log number of ballots received on a daily basis (if none, mark 0)
- DO NOT UNSEAL envelopes until close of voting
- Safely store envelopes until the postal ballot tally
- March 11th – the last day for postal mailed ballots to arrive and be counted

On March 12th, please do a full tally of the ballots you've received, using the 2020 Postal Ballot Tally Sheet. You should do the tally with at least one other tabulator.
